### **CITY URGES RESIDENTS TO BE AWARE OF POTENTIAL ENERGY SUPPLY SCAMS**

ROCKFORD – The City of Rockford is alerting residents to be aware of alternative energy suppliers misrepresenting themselves as the City's new energy supplier. Any representative from an alternative energy supplier who calls or solicits residents at their homes is not acting on behalf of the City of Rockford.

The City of Rockford will be sending out an official letter to residents automatically enrolled in the City's municipal aggregation program within the next several weeks. That letter will provide the name of the chosen supplier and will serve as a notice for residents who would like to opt-out of the program and continue purchasing their energy supply from ComEd.

Residents are urged to not be pressured to enter into an energy supply contract with an independent energy supplier until the City of Rockford has executed its contract with the selected alternative energy supplier. A contract is expected to be awarded within the next two weeks.
